

Lab Practical 02 – Project Selection & Supervisor feedback

Each UX team should research and find a Mobile app

Fill the following table to show your findings

Mobile App	Buying and Selling Mobile Application
Name:	enna.lk
Developer	2021S2_REG_WE_02 IT19004778 - W.G.M.S.Wickramathna IT19006994 - K.H.K.L.De Silva IT19111766 - U.L.V.M.Lekamalage
Purpose:	enna.lk is a buying and selling mobile application and they offer so many opportunities to buy and sell a wide range of equipment from mobile phones to land properties to vehicles all in one place. <ol style="list-style-type: none"> 1. Can sell items by posting advertisements 2. Place Orders and Buy Items

User Login Interface

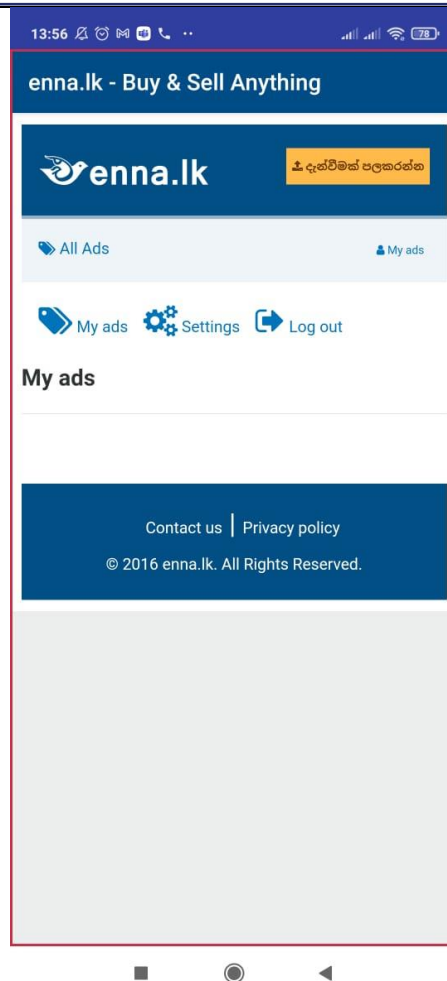

The screenshot displays the user registration interface for enna.lk. At the top, a blue header bar contains the text "enna.lk - Buy & Sell Anything". Below this, the enna.lk logo is visible, accompanied by a yellow button with Sinhala text. A "Login" link is positioned to the right. Underneath, there's a section with "All Ads" and a "Login" button. The main registration area features two tabs: "Login" and "Sign up". The "Sign up" tab is active, revealing a registration form. This form includes input fields for "Name : *", "Email Address : *", "Phone no. :", "Password : *", and "Confirm Password : *". Each field has a corresponding label and a text input box. A blue "Register" button is located at the bottom of the form. The entire interface is framed within a mobile device screen, with a status bar at the top showing the time as 13:55 and various icons.

User Registration Interface

The screenshot shows a mobile application interface for 'enna.lk - Buy & Sell Anything'. The status bar at the top displays the time 13:55, signal strength, Wi-Fi, and battery level at 78%. The app header is dark blue with the 'enna.lk' logo and a Sinhala button. Below the header is a light blue bar with 'All Ads' and a 'Login' link. The main content area is white and features a 'Recover Your Password!' section. This section includes an instruction to enter the email address used for account creation, a text input field labeled 'Email Address', and a blue 'Recover My Password' button. At the bottom of the app, there is a dark blue footer with links for 'Contact us' and 'Privacy policy', and a copyright notice for 2016 enna.lk.

Competitor Mobile apps	<ol style="list-style-type: none"> 1. Kapruka 2. Ikman.lk 3. AliExpress 4. eBay 5. Daraz
Good design	<ol style="list-style-type: none"> 1. Very easy to navigate between the Login and Signup Page. 2. Easy to select items because there's a separate category page with attractive icons which help the user to easily understand the type of the Item. 3. Items can be searched based on the location and it's easy for the user to filter data and give a better user experience. 4. Most parts of the forms have drop downs so that save the time taken by the user to manually enter data.

Design issues	<ol style="list-style-type: none">1. The same header has been repeated twice in each interface and it has occupied too much space in the interface.2. Spacing and padding issues can be seen in every interface and in between the buttons.3. This mobile application does not have a bottom nav bar which can be seen in most modern applications.4. The forms are too long which gives a bad user experience for the users.5. Some yellow colour buttons go invisible in dark mode.6. Icons are too small and hardly even visible.7. CRUD buttons have the same colour and are very difficult to distinctly identified in between.8. Buttons are not properly aligned.9. Sellers details have the same background colours as that of the footer and are very difficult to identify which is what.
